## The faithfulness of the Lord never ceases, His mercies never come to an end! They are new every morning, new every morning, great is Thy faithfulness!

As I was reading in Psalm 71 this week, I just cannot get by how AMAZING God is!!!

It says that His righteousness and salvation know no limits! How we love this!

We have seen this over and over in our lives, and are reflecting on our time in Florida, and how His leading was so perfect, and He did so much to reveal His faithfulness as we were willing and obedient. So neat that we get to be "willing!" Takes the stress out of things!

We will share a few things about how the time was fruitful to the vision:

We met "retired," maybe "wealthy," that God had spoken would have purposes renewed. Not all like we thought it might be: as we looked at a house for sale, we met this couple. Lucy was lying on the sofa with oxygen tubes in her nose. She had trouble getting enough air to be up and around; she was almost 91 years old.

Our hearts went out in Jesus' compassion to her. She looked so wan, and we thought near death. So, I asked her if we might pray for her. She said she would like that so much; many people brought food, but no one had volunteered to pray. I took her hand and prayed for wholeness, strength, and much grace for her and Jim. He also laid his hand on Roger as Roger did to me.

This was the beginning of about 6 weeks of going to them —think 10 times — mostly with food as he could not leave her easily, and always with conversation and prayer. At first, we were not sure if she had a relationship with the Lord, but as time went by, and we shared more of the Love of Jesus, which they needed so desperately, we grew to love each other.

They were the last ones we saw as we drove out to leave — was hard. He called out the door after us as we crossed the street, "You guys just keep BEING yourselves!!" We called twice after we left. First time they were planning to leave for Cape Cod the next day, but going by

train from Orlando to Virginia. The next time was late last week and Jim said, "Lucy passed. We got home fine, and she said she was so glad to be home! (*A great heart's desire that we had prayed for.*) Then by evening she got so tired, called 911, but she could not be revived." He could not find our telephone number, so he was so glad we called — we both talked to him. He said he would be back down to Florida in November. God, keep having Your way.

**God loves us each so much, that if we were the only ones that needed salvation, He would send someone! We felt like He did this for Lucy. We ended up being so blessed by their relationship to each other. We included the picture as we asked them if we could post it so they could have prayer — they wanted it! Now, please pray for Jim!**

Other retired folks that we met were at Zechariah 4 Ministries meetings. God had also called most of them to the Englewood area to prepare for the harvest of souls He will be bringing. They are filled with passion for the Lord; the leader, Pastor Tim Lighthall is so zealous for the Lord, but humble and encouraging. We met with them, and we immediately felt included — like our tribe there.

We met Monday evenings, and some Sunday mornings and always fellowshiped afterwards, so we got to know each other. Our friend, Marilyn Schnell that had been to Poland last summer with us connected us, though she lives in Sebring. It is a divine connection, and we expect to seek the Lord together as we return in the Fall.

visits. It is like we feel we are in sort of a "payback" time with family; it has been just so intimate and precious!

We went to church on Sunday that friends pastor, and during greeting time, a sweet lady introduced herself and wanted to know more about us. We said we were camping at a campground for the summer. She said, "But, where is

your home?" We chuckled and said that IS our home! We had given up our apartment when we felt God called us to Florida to start a new ministry. We are believing He will meet our need for a home by September." It struck us again, how free we feel! We truly DOOO believe He will provide! Will you declare with joy that this provision comes? We have His promises, and we know we are to be back where He sent us last February.

Also precious was being able to be part of seeing Pastor Peter, youth pastor from River Valley Church, find his true love! We introduced them formally, well sort of, in January before we left — just felt like they should have that! Kayla is a niece of our daughter Libby, and we know the family well. We knew that they had much in common, and now just four months later, they got engaged. Peter had us surprise her after the engagement by coming to the restaurant where we had the first dinner — same table!

**Pastor Peter and Kayla**

They are just so delightfully in love, and so right for each other.

**When Jim called out after us "You guys just keep being yourselves!" we felt God saying that that is our role — every day we will step out as He leads, and we expect to open many doors as He has promised.**

Thanks so much for partnering with us! The ministries: Pastor Pavel and Iryna in Poland — soon to be grandparents; our beloved ALC in Minsk; Christ for the Nations, Poland; Liza and Marat in Israel; Galya just returned from Cuba - all continue to be fruitful. We will write more of them next time.

This is the longest we have been away from any of them, and it is a bit hard, but we have tried to be faithful to what He spoke for now. We may go to Toronto area this summer.

We bless each of you and pray that YOU see his faithfulness, His call on your lives, and you reach into your communities! We love you and bless you!
